

Freehold Group of Companies

Subject: Introduction and Expression of Interest – Freehold Group of Companies

To Whom It May Concern,

I write to introduce Freehold Group of Companies, a proudly Botswana-based organization, originally established in 2017 under the trading name Freehold Engineering. In line with our vision for growth and diversification, the company rebranded to Freehold Group of Companies to reflect our wider scope of services and regional expansion.

Our Track Record

Since inception, Freehold has built a strong reputation for professionalism, compliance, and service delivery in the mining and engineering sectors. Our experience includes:

- Strategic Partnerships: Worked with Barloworld (Field Service), CAT Finance (Zurich, Switzerland), and various resale companies in Turkey.
- Local Contribution: Supported Khoemacau (MMG, Maun) with labour services, and provided workforce solutions to Unitras Botswana in hauling copper at Boseto.
- Regional Standards: Our operations are aligned with Botswana's labour laws and we pride ourselves on upholding the highest standards in contract management, safety, and compliance.

Services Offered

Freehold Group specializes in providing both skilled labour and equipment hire, including:

- Mining machinery hire (Backhoe Loaders, Front-End Loaders, Graders, etc.)
 - Technical labour supply (Heavy Plant Mechanics, Auto-Electricians, IT Technicians, and others)
- Contract management with strict adherence to Botswana labour regulations and international best practices
- A cost-effective, safety-driven approach that guarantees efficiency and long-term value for our clients

Freehold Group of Companies

Leadership & Expertise

Freehold is led by seasoned professionals with extensive mining experience:

- Mr. Freedom Thomas – Founding President, a qualified technician with a proven career across Tati Nickel, Moolmans, Mowana Mines, Discovery Metals (as Workshop Manager), and Khoemacau (as a Supporting Manager).
- Mr. Mooketsi – Managing Director, a highly qualified Mechanical Field Technician, bringing technical depth and operational leadership to the company.

Our Commitment

Freehold Group of Companies is committed to partnering with mining operations both within Botswana and beyond, to uphold industry ethics, deliver value, and maintain safety as the backbone of every project.

We would be honoured to explore opportunities to collaborate with Takani Mine and contribute to your operational and strategic objectives.

We look forward to your favourable consideration.

Yours faithfully,

Freedom Thomas
President & Founder
